

# Spelling activities

Some activities to help you learn your spellings each week

Happy spelling!

<p style="text-align: center;"><u>Prefix</u></p> <p>Try adding beginnings to your words or identify if they already have a prefix. Examples: de-, un-, ant-, dis-, be-, etc.</p>	<p style="text-align: center;"><u>Noughts and Crosses</u></p> <p>This is similar to the original game but instead of using 0 and X. Each player selects a spelling word to write.</p> 	<p style="text-align: center;"><u>Suffix</u></p> <p>Try adding an ending to your words or identifying if they already have a suffix. Examples: -ly, -ed, -est, -ast, -ing, -ily, -er, etc.</p>
<p style="text-align: center;"><u>Connect 4</u></p> <p>Very similar to the original game but instead of using red and yellow counters the players choose a spelling word to write. The first player to have 4 words in a row wins!</p>	<p style="text-align: center;"><u>Feel the Word</u></p> <p>Pupils turn their back to their partner and their partner writes the word on their back. Can you guess the word with 3 guesses?</p>	<p style="text-align: center;"><u>Dictionary Skills</u></p> <p>Using a dictionary - find the words in the dictionary and write the meaning.</p> 
<p style="text-align: center;"><b>Sparkle</b>★</p> <p>You can have as many players as you want. The first player picks a word, says the word and sounds out the first letter. Then the rest of the players must say the other letters to spell the word correctly. After the word has been spelt correctly the last player must say SPARKLE with expression and jazz hands!</p>	<p style="text-align: center;"><u>First to 5</u></p> <p>Player 1 chooses one of the spelling words and then both players start writing the word. The first player to write the word correctly 5 times is the winner.</p>	<p style="text-align: center;"><u>Short paragraph</u></p> <p>Write at least 5 of your spellings into a short paragraph or story.</p>
