

## Maths

The children will develop their skills using money.

They will be able to recognise the coins and notes that we use and look at solving money calculations and problems. We shall visit Metro bank and complete the topic with a trip to MacDonalds

to buy and order our own food.

## English

The children will write factual information about Habitats related to the topic of the term. They will learn about the main features of a research projects and research different habitats in order to design their own factually based project that will look at informative non-fiction writing.

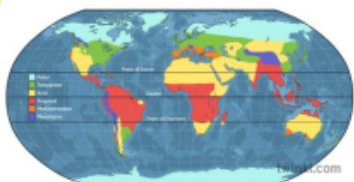

## Science

The children will look at animals and their different habitats. The children will be making different types of habitats and comparing 10 different habitats. They will have a go at building some of them.

## Humanities

The children will look at the variety of seasons around the world. They will compare and contrast weather, temperature and nature and how the seasons affect the animals that live there. They will use their prior

knowledge to research different climates around the world and how people have adapted to these.

# Term 4

## Spring has Sprung!

## The Arts

The children will be focussing on "The Art of Role-Play!" We shall be getting the children to take part in role-play activities in order to inspire communication, conversation and imagination. Imagining that we are people who help us and the emergency services.

## PSHE

### ZONES OF REGULATION TOOLBOX

The children will continue to develop their "Zones Tool Box" so that they can choose from a variety of different "tools" in order to help them return to Green Zone.

## TOPIC

The children will look at the different seasons of the year and learn about Spring. They will look at the main features for each season and compare and contrast. Eg rainfall, temperature, nature and wildlife.

## Computing Skills

The children continue to build on the skills they have started to learn through Dance Mat Touch Typing, where they will learn the skills of the keyboard with GARY THE GOAT!

They will also be learning to program through "Big Trak" and "BeeBot."
